Mr. Mohammed Faizuddin,  
Project Manager,  
Automated Environmental Technologies,  
PO Box 1561, Dammam,  
Kingdom of Saudi Arabia

Dear Mr. Mohammed Faizuddin,

We, M/S Kraum are writing this letter to you with the utmost happiness to convey our satisfaction and contentment on your performance that you showed during our KST project (PE176-177-178). You have made the utmost effort to make sure each milestone of the project is completed on time, and it made us proud of our choice for assigning this project to you.

Admittedly, the nature of this project was critical and challenging and the restrictions with regards to timeline could have been a great hindrance, but AET proved their professional competency by overcoming all these limitations.

We will look for opportunities to work together in the future.

Sincerely,

For Kraum & Spruk Group,
